

# Hela Spice Canada Inc.

Uxbridge, ON

## FEATURED PRODUCTS

2 new door openings, 2 dock doors, 2 dock levelers, 2 dock seals, 2 dock lights, and 2 trailer restraints

## PROJECT OVERVIEW

Hela Spice Canada’s Uxbridge facility was in need of two new dock positions, trusting Northern Dock Systems to recommend the best products and carry out the installations for this project.

After cutting into the wall to create two new 8'x10' door openings, certified and professional Field Technicians from Northern Dock Systems installed:

- Two 8'x10' commercial sectional dock doors, along with the door jambs to properly seal off their new door opening.
- Two Nordock Heavy-Duty hydraulic dock levelers, providing the ultimate in strength, convenience and reliability with unique lip activation and simple push-button control for added safety.
- Two dock seals to prevent inclement weather and dust from entering the building.
- Two Nordock Truck-Lock automatic trailer restraints, which stores at 9" high and raises to 30" to restrain all types of rear impact guards.
- Two swing-arm dock lights, combining the strength of a standard dock light arm with the flexibility of a dual-axis hinge to create a versatile and durable dock light.

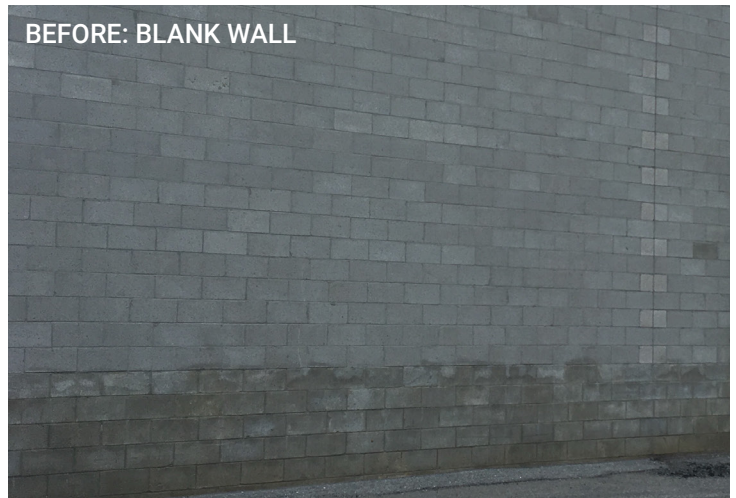

Hela Spice Canada now has two fully functional and safe dock positions based on the recommendations and services rendered by Northern Dock Systems.

Operational efficiency

Indoor comfort

Increased safety

BEFORE: BLANK WALL

AFTER: TWO FULLY FUNCTIONAL DOCK POSITIONS

INSIDE: NEW DOCK DOOR
